Dear Mrs. Saul Solomon.

I have been reading
the copy of your letter
to Winston Churchill &
am deeply touched by it.

It is a very convincing
statement of the whole
case. It could not have
been better done.

I want to publish it
in our Paper. Not need
work for the Paper in
view of the Christmas
interval is already
in type. But the
week after next.

Dear Mrs Solomon
I can hardly bear to

think of what you + others
suffered on Black Friday.
+ have suffered since.
But I know that your
spirit rejoices in its
strength + your heart
in the service you have
been enabled to render
to this great Movement.

May all the best joys
of Christmas be yours
and may the New Year
bring the ever widening
life which has been your
great inheritance.

affectionately yours

Emeline Petrick Lawrence
