Dear Miss Ford

I've meant to send you a bulletin  
you were so kind that day I felt so  
bad: 8 weeks to day since the op. which  
they say was successful: the Hospital  
Surgeon was a 1 & I was only in 3 weeks  
after a month at home I've come here  
& Cornwallace still feel nobless by God  
for nothing tho' every one says I  
am wonderful so I must be  
patient. Hope to see you again some  
day tho' work keeps far away. I  
liked your bit in the morning Post  
& hope all goes well with your venture  
Please write & ask Commandant  
Allen to send you an article on D. Police

I feel sure she will if you write soon  
✓ of course it is just the thing for your  
magazine so glad you thought of it.

Best wishes

Yrs very sincerely
