KENSINGTON, W.

Dear Mrs Fawcett.

I am much worried to think  
I missed you. I was at St  
Pauls. I got the cuttings  
yesterday & wondered why  
they had been sent me. I  
did not do much good at  
Lambeth. The Australian  
match took a lot of men  
wh. have found there.  
Dufferin is safe, well colu-  
ped by Lady Helen! I had  
a good talk with the Arch. b. p.

he is safe, but no certainty  
of being present. I told  
daddy Cross to look after her  
dow. She had never heard  
of the Bile, these women  
sh. be strangled. Kimberley  
voted f dow meath's Bile  
so of he is well worked I  
have hopes of him. I hear  
Mr James says he looks  
to the Turf club to turn us  
out! The Arch bishop told  
me there were strong whips  
agst us.

I have written a lot of  
letters, & am going to the  
docks to catch a few. It is  
anxious work, the quantity  
is so unknown. Come early  
Wed. & I may get an un-  
distracted instant to have  
a word, with you -  
Yrs
