My dear Mr^s Fawcett,

Your letter was

just caught me here

on the way. I have

at once written to Mr

Baker the sort of letter

which I presume Mr

Scatcherd intended

I have appended my signature

With 2, if 2 approval of
it, and if over, - a petition

Cobden's - 2 letters to

John: - I had found there

was no time when to
as the lesson is when held

next week. Perhaps

Y. Mrs Cobden be one

of town 2 had others

with Lady Harbington as
some notes found out hand
in London -

I do think Mr Scatcherd

was hit on 3. Scatcherd

people to address a petition

to these orthodox Baptists

But I always find these

orthodox people enjoy

being the same flavour

Yr. letter received!

I hope that you were able to
believe for it joyful to
Berlin ever since Wm

Remondt vs

James M. M.

For the next week of address
then will be 57. [unclear]
Crescent. Afterward of
return to Hengwrt. Doleph
