Dearest Nellie

be an thinking  
so anxiously about you  
today - about the Park  
meeting. Christabel wouldn't  
face, doesn't face,  
these angry words. I wish  
I could be there too - in  
my active service dress, which  
I've now got.

Thank you so much for  
your letter which makes  
us both very sad.  
We are so sorry about

1100 Anderson, & for you.

It is extremely sad.

We shall never need

mention it to anyone

but our two selves.

Bessie & J. Thank you for

trusting us about it.

I think it is best as you  
say, to drop the Y. P. -  
we have tried to <sup>approach</sup> the Editor

in every way & he still  
says these hard things.

I think we may try a  
W. R. Fed. deputation, but  
nothing will stop or alter  
him - answers make him  
worse. believe now, in  
terror about Adel Church -

of people will say we've  
done it - The Y. P. will  
others - The Y. P. is  
not ignorant - we've  
told the Editor in  
private correspondence how  
things are & he knows.

But, his reporters are  
our friends sign our  
various cards etc. - such  
nice young men -  
Our dear love to you our loving  
sympathy - Louis J. Ford
