WORLD MONEY CONFERENCE

7 JAN / 5 / 32

International Women's Day

WOMEN

EXPOSE MASS MURDERS TO THE NATION.

8th March

Those faceless death artists, nuclear barons, "peace keepers" will be participating in this conference which is investing in our death. Ironically this conference will take place on International Women's Day.

Registration for those participating in the conference will start at 7.0am, at 195 PICCADILLY RD, LONDON W1, next to St James Church.

Throughout the morning the faceless will discuss topics such as:

"Reciprocal requirements of Defence Equipment: A Policy Assessment of Current Requirements and future opportunities!"

In the afternoon they will continue with talks about strategic, theatre, and tactical missile systems, plus "upcoming and tested missile programmes and systems". The conference will continue on the second day with "Guidance and key technologies for future missile applications".

♀ PLEASE COME TO SHOW OUR ANGER!

6.30 am 8th March — take photos of the profiteers of destruction to record their crime.

Midday — Keening for the dead, in the past, present, and future who are the victims of the profiteers.

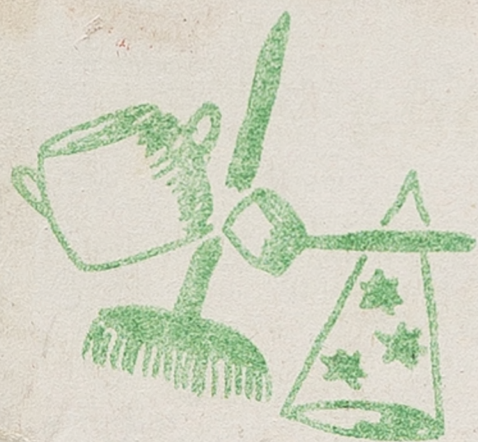

Afternoon — Symbolic action, sweeping with brooms to clean the earth, for a better world to live in. Hundreds of brooms and witches welcome!

All Day — We will make our voices heard. We will undermine the conference by drumming pots and pans, and singing. Also, all sorts of imaginative moves to expose this conference to the nation.

The "leading experts from government and industry", "scientists, engineers programme and marketing managers" who attend this conference are responsible for millions of deaths, and poverty and hunger throughout the world.

The military works hand in glove with industry, investing money in High Technology, through world-wide missile marketing.

THE AIM OF THIS CONFERENCE IS TO EXPAND THE ARMS INDUSTRY — AND THEREFORE THE ARMS RACE — BY SEEKING PROFITS IN OUR DEATH.
