August 26th

Dear Miss Sunderland,

I have looked over my notes & letter for Clutton, so I suppose the sheets may really go if you will kindly despatch them.

I am taking a very long week-end this week! & I know of very little straight forward work wh^{ch} can be done here without me.

You or Miss Joseph may know of some. If not so please do, or get it done. If

not it is a thousand
pities for people to waste
time here, & one, or all of
you had better take the
opportunity of getting away
quite early.

Miss Galton will come
in the morning & will see
if anything is ready to be
worked at. If not urge her
to leave, & do the same
yourself.—

I am, Yours very truly
Betavia Hill
