Dear Mrs Pawett

I am sorry your
interview with Bonar Law was
so unsatisfactory - But I fear
it is true that so long as
militarism goes on nothing
can be done with the Con-
servatives - This is very unfair

but it is also very characteristic
of the male political mind -
I was shocked at the kind of
Wild Beast feeling displayed
in the House during our little
Cot & Home Debate on Wednesday.
And I found the Hereford people
- where I have just been - fully
as bad!

yours very truly
Robert Cecil
