Mark Wilks Street.

Dear Miss Roberts,

Many thanks for your efforts.

Nottingham is far ahead of Leicester, where I have so far received little or no help.

The petitions to each City M.P., should be sent at once direct to his private address signed by as many as possible of his own constituents. The first to sign to receive reply, and take prompt action.

I enclose these private addresses.

So far I have sent to Sir John Rees a petition, signed by myself and Mr. Richard Simon only. Reply to be sent to me.

Mrs. Taylor and others are in London working day and night.

I am doing all I can.

We must make a devil of a row over such a scandalous case.

Contd.
