Calmeski

Dearest Amy,

Amy has sent me an invitation. I was very interested & near
of my new plan of taking you candidates. It seems to me a very good
plan: but the vote was at the bottom of it, wasn't it? I hope

we shall soon get a letter from dear little Kit telling us of her safe
arrival. It is such a comfort that she has been over here & also

that she has such a good affectionate brother. My cold

is really gone, but I am staying in here till Monday &

confine myself in good ways

Love you lovingly
