KEYSTONE

'Protected village' is a euphemism for concentration camp. In Zimbabwe they are an attempt to isolate the local inhabitants from any contact with the guerillas. There is a dawn to dusk curfew and inmates are checked in and out by armed guards. The camps are socially and culturally dehumanising; petty bureaucrats take sexual advantage of the girls and women with the result of many unwanted pregnancies, crude abortions and abandoned babies. Normal cultivation is impossible, food supplies are minimal and malnutrition a constant reality.

The situation in Zimbabwe where 200,000 whites still control and terrorise 6,000,000 blacks is a direct result of British imperialism. Britain has huge financial and strategic investments in Zimbabwe. Britain's Foreign Secretary Lord Carrington and many of the 114 Tory M.P's who voted to lift sanctions, have personal financial interests in Zimbabwean firms both as shareholders and directors. The present Tory government will do all it can to ensure a moderate government to protect Britain's and South Africa's interests, regardless of the immense suffering inflicted on the black population of Zimbabwe.

\*average land allocation is 147 acres per white, 7 per black.  
 \*average white wage is 54R a month, black wage is 49R a month.  
 \*at least 1,650 Africans are in prison without trial.  
 \*over 100 people have been illegally executed since 1975.  
 \*the Smith regime spends one third of its national budget on fighting the guerillas.

125,000 black domestic servants are prohibited from having their children living with them in the white suburbs.

BAN DEPO-PROVERA

Depo-Provera is a contraceptive injection which lasts for 3-6 months. Third world women are being used to test its safety. Even though it is not approved in the United States, it is still being used in the U.K. mainly on black and working-class women. Apart from its very harmful side-effects it denies women ANY control over their own fertility.

ALL WOMEN MUST SAY NO to Depo-Provera

*Old age isn't calm  
 Fires burn in bodies of old women  
 Flutes sing in their ears and they  
 fall in love now and then  
 Old women dream of dancing in  
 moonlight and of being held  
 Old women want you to hug them  
 and to feel your warmth  
 I will not speak to you in  
 platitudes — words of wisdom  
 "be like me"  
 I do not have a rocking chair — I  
 have no pattern for younger  
 women  
 I don't have a richer outlook on  
 life (life is always confusing)  
 Except there is joy in struggle  
 And in leaping from change to  
 change  
 But let the struggle be your own —  
 and let the changes be your own  
 Resist compromise — don't take  
 anything lying down.*

**WEAR GIRLS CAN TROUSERS**

Unfortunately, the kids were apathetic and my lonesome campaign against the banning of girls in trousers met with the headmaster tearing down all the petition forms and my being sent home at lunch-time after being told to come back next day in a skirt or not to come back at all.

Incidentally, before the petitions' disappearance there were all of 12 signatures collectively, because, as I was afterwards told, they were scared of repercussions from our headmaster! I, by the way, am sixteen and am not the
