Dear Miss Barclay

I hope you will forgive
my troubling you for
some information about
your family. The Barclays
Alice Bertbeck suggested
your name to me as the
most likely authority. It
is with regard to the
descendants of Robt.
Barclay the Apologist
that I am confused

I have the "Barclays of
Drie" (Two old editions
both excellent) & two
framed portraits (^{old} Engraving)
of one of the Roberts ^{of Drie}
it is said to be one of
Robert born 1779 who m.
a daughter of Alexander
Walgarne - ^{heartland of Wry.} d. 1854

I enclose a rough table
which it would be very
kind of you to correct
& fill in when you can
& mark which are Drie,
Leyton, Clapham, Bury Hill

& any marriages & dates
you can give -

My father's correspondence
as well as that of older
generations is so full of
allusions to "Uncle Robert"
& other ~~things~~ ^{persons & events} connected
with your family that I
want to set the genealogy
& relations straight in my
head -

If I am asking too
much please do not take
any trouble over this as
I have no doubt I can
work it out in time -

Your father was
always so kind to me

9131/48a
period of his life
I spent at one time

many weeks with us
in Scotland & elsewhere
that I have the courage
to write to you on this
subject.

I am

Yours sincerely

Alfred. Pease

P.S. I have many letters of
Elizabeth Barclay to my Grandmother
(her sister) & from others of
your relations & Leyton is
invariably spelt Layton
