 to check well (see) sticking  
 about engraving tools Norwich  
 & coffee - such an  
 interesting district full of marvels  
 metal - I did not know it before  
 I got in going to the matter more com-  
 plicated than I thought. In the  
 meantime I have remembered  
 bottles. at ~~Smith~~ in checked &  
 have goldsmith within there.

The day a Navy man, head of the  
 plumbing, has been sudden good  
 found amongst the as a Navy store  
 vessels, some pieces of such coffee -  
 & one piece of "Thick" which is  
 what I want. for machine pieces -  
 rather think you are likely to see the  
 whole, but I will not be all details in  
 Norfolk. at the metal people, I  
 saw the most wonderful, have a coffee  
 fine filter mesh for <sup>sheeting</sup> filtering motor petrol,  
 or etc. a dogging, gleaming cones. I  
 my day to Curfield had played up. I  
 would have put on the most wonderful  
 set of Greek talkers - well Greek  
 the harities, that result the English, not  
 audience, try to can rejoice upon the  
 in the capital of. I had intended to do the
